**English—Hunter**

**Price: \$ 6,500.00**

## ***Otis—he's got heart!***

Otis has been professionally trained and working willingly under saddle. He has been recently started over fences and loves to jump! While still green, this little guy shows loads of potential for the Hunter ring. He has lovely airy movement and is beautiful to the eye with all his flashy markings. A sure prospect for the ribbons! Otis gets on well with all the other horses, has no vices, and is an easy keeper. Otis has been trained to load and has no issues with this.
