Sophia is truly a special horse. There are no two words about it. Her owner unfortunately has health issues and cannot meet the demands of riding. Sophia is one of those horses that will take care of an amateur rider but also willing to accommodate the advanced rider. She has been trained in the hunter and dressage disciplines and is simple to ride. She has no vices, gets along well with other horses and is an easy keeper. She even loads readily.

*Sound to good to be true? No lies!*
